DUAL SHADES

by Alta

Dual Shades with Motorization
SUBLIME | Ice DS17-6100

design simplified™

Contemporary and cool, Dual Shades practically float with purposeful ease. For heightened privacy or filtered sunlight, this single shade will cause a double take.

Let's go window shopping.

BANDING TOGETHER

When big ideas call for bold solutions, our Dual Shades Collection brings the light in ways you never thought possible. Flattering to you, filtered for your furnishings. Joy all around.

Customers say...

“Dual Shades are more elegant than other classic options while staying in an accessible price range.”

Scan this code to watch how Dual Shades may work for you.

SHEER FOLLY

*Just look at all that flexibility. Choosing your view or choosing your privacy made simple.
 Or simply beautiful.*

Bands open and shade lowered. Preserves your view while providing UV protection.

Bands closed and shade lowered. For total light control and secure privacy day or night.

Bands closed and shade partially raised. Offers precise light control.

Bands open and shade partially raised. Dual Shades give you function at any level.

HOW THE MAGIC HAPPENS

Sheer or mesh linear bands alternate with opaque, creating a graphic design with maximum flexibility. Shift the bands, shift up your light. When aligned edge to edge, the opaque bands bring precious privacy and shade. A slight adjustment, and the sheer widths bring filtered light and soft views.

*Elegance and innovation in a single shade.
Really, what else is there?*

WHEN TO CHOOSE DUAL SHADES

- When your interior design skills are on display.
- If you love the contemporary look of roller shades, but want a view + privacy + uv protection all in one.
- When child and pet safety is a priority, motorization is a cool, clean option.
- If you need choices—multiple band widths and a profusion of neutral hues means perfection is around the corner.

Note: The bottomrail will lift from the sill when bands are aligned. The larger the band, the greater the distance from the sill.

translucent

Diffuse sunlight, eliminate outside distractions and prevent direct views from outside in with dozens of designer colors. Provides moderate privacy during the day, but not when the room is illuminated.

FABRIC OPACITY OPTIONS

light dimming

Choose light dimming fabrics when a darkened environment is ideal, especially bedrooms, home offices or media rooms to reduce glare on TVs and mobile devices. Both opacities provide energy efficiency thanks to the dual layers.

STRANDE | Canyon DS16-3102

BAND SIZES

Select a band size based on window size or desired amount of view-through at the window.

2" to 3" Band Size

Perfect proportion for smaller windows.

3" to 4½" Band Size

Great for most standard windows.

4½" to 5½" Band Size

Ideal for larger windows for greatest visual impact.

BATTERY-OPERATED MOTORIZATION

At Alta, we embrace innovation. We thrive on creating window coverings with style, ingenious engineering and state-of-the-art safety. Our motorization options provide both clean lines and ultimate convenience. Good for you, safe for your children, and a smart investment for your home.

Control all your motorized Dual Shades in one room. Choose from a variety of battery-operated systems to raise or lower shades and adjust the bands with the touch of a button.

The PowerWand™ lifts and lowers shades with the touch of a button. PowerWand is affordable and rechargeable, too.

Alta Advantage SAFETY

We love your kids. (And pets.) So when it comes to safety, we take our role seriously, beyond design and operation to awareness and education. We proudly carry the “Best for Kids” designation. Why? Tough independent laboratory testing proves it.

Dual Shades with Continuous Cord Loop
LUXURY | Quartz DS10-2801

CORDED CONTROL

RETRACTABLE CORD SYSTEM

Pull down on the single, sturdy cord to raise or lower the shade; allows precise positioning of the shade.

CONTINUOUS CORD LOOP

Built for precision and simplicity. Cord loop remains the same length. Cord tensioner secures dangling cords. Bead chain (inset) is optional.

BEAD CHAIN OPTION

A metal bead chain option is available in the following colors (shown left to right): Oil Rubbed Bronze, Black Nickel, Antique Brass, and Stainless Steel.

MOUNTING OPTIONS

INSIDE MOUNT

Specify inside mount if your window has the proper depth.

OUTSIDE MOUNT

Specify outside mount to ensure the greatest amount of light control. Best for shallow depth windows or enhanced light control.

WARNING

Window Blind Cord Can **STRANGLE** Your Child. To prevent strangulation, purchase cordless products or products with inaccessible cords.

All shades with cords include a non-removable warning label located on the back of the bottomrail.

Dual Shades Two-on-One Rail with Continuous Cord Loop
BEAUMONT | White DS3-2401

HEADRAILS

FABRIC HEADRAIL INSERT

In all shades, color-coordinated fabric covers the headrail, providing a seamless look from top to bottom. Smaller banded fabrics will feature both the band and sheer in the headrail.

TWO-ON-ONE HEADRAIL OPTION

Two independently operating shades share the same headrail for a cleaner, more unified look. Ideal for wide-set windows and patio doors.

BOTTOMRAILS

FABRIC-WRAPPED

Fabric-wrapped bottomrail is standard for a consistent, seamless look.

NON-WRAPPED OPTION

Non-wrapped bottomrail is an optional accent with modern appeal. Rail color matches cassette color.

Child safety is serious business, which is why we use warning tags, labels, and other methods to communicate the potential hazards of corded window coverings. The warning shown here communicates the important message about cords being a potential strangulation hazard and suggest choosing cordless alternatives or products with inaccessible cords.

WARNING
 Window Blind Cord Can **STRANGLE** Your Child. To prevent strangulation, purchase cordless products or products with inaccessible cords.

AND DID WE MENTION?
