### *modern day craftsmanship*

Alta's hand-glued valances feature precise mitered corners.

## TILT CONTROL OPTIONS

Tilt slats with these options for directional light control and privacy. Pair with a lift option shown on the next spread.

### AUTOMATION

Tilt slats with the touch of a button or a tap on your smart device.

We think about your children and pets because you do. We proudly carry the “Best for Kids” designation, certifying tough independent laboratory testing.

### STANDARD WAND TILT

Adjust the slats open or closed with a twist. Wand tilt is certified Best for Kids when used with Cordless Lift & Lock™ (2" slat size only.)

Scan the QR codes to watch the demonstration videos.

### CORD TILT

Slats tilt open or closed by pulling on the cord tilt control.

## ! WARNING/ADVERTENCIA

Window Blind Cord Can **STRANGLE** Your Child. To prevent strangulation, purchase cordless products or products with inaccessible cords.

La cuerda de la persiana puede **ESTRANGULAR** a su niño. Para evitar estrangulamiento, compre alternativas cuerda o productos con cuerdas inaccesibles.

All blinds with cords include a non-removable warning label located on the underside of the bottom rail.

# STATE OF BLISS

*Easier than ever, our Bliss™ Automation system delivers wire-free, motorized convenience. Tilt your Alta Wood or Faux Wood slats with a touch of a finger using a smart device or remote control—or even your voice.*

## LIFT CONTROL OPTIONS

Lift and lower blinds with convenience. Pair with a tilt option shown on the previous spread.

Blinds lift and lower easily with a gentle push or pull on the bottomrail.

Cordless XL Lift is designed to lift and lower all blinds, including wider and longer sizes. Automation not available.

Push a button on the bottomrail to lift or lower the blinds; release button to lock blinds into place. Certified Best for Kids when used with wand tilt on 2" slats. Automation not available.

Scan the QR codes to watch the demonstration videos.

## STANDARD LIFT CORD

Standard lift cord (shown grouped with tilt cord) raises and lowers blinds; features break-away stop ball. Controls can also be split; lift cord located on one side and tilt cord on opposite side.

## !WARNING/ADVERTENCIA

Window Blind Cord Can **STRANGLE** Your Child. To prevent strangulation, purchase cordless products or products with inaccessible cords.

La cuerda de la persiana puede **ESTRANGULAR** a su niño. Para evitar estrangulamiento, compre alternativas cuerda o productos con cuerdas inaccesibles.

*All blinds with cords include a non-removable warning label located on the underside of the bottomrail.*

## BOTTOMRAILS

A sleek, contoured bottomrail ensures better slat tilting and closure.

Cordless Lift & Lock features a pre-selected coordinating bottomrail.
