CHILD SAFETY

It's your first priority, but child and pet safety is often the last thing you think about when choosing window coverings. Did you know that the most common window products in homes are not child safe? Those horizontal blinds that were there when you moved in are a potential strangulation hazard for your little ones. As our infographic shows, accidents still happen with those long cords.

BEST FOR KIDS™ CERTIFICATION PROGRAM

The Best for Kids™ certification label makes it easy for parents and caregivers to identify products that are best suited for their home.

To become certified, Lafayette Interior Fashions must meet the specified program criteria and submit their window covering products to a designated third party testing laboratory. To pass the tests, the products may not have:

- operating cords
- inner cords that are accessible
- cords that create a hazardous loop or potential wrap-around hazard

ADDITIONAL SAFETY MEASURES

The window covering industry uses warning tags, labels, and other methods to communicate potential hazards. The warning shown here communicates the important message that cords are a potential strangulation hazard and suggests choosing cordless or inaccessible-cord alternatives. Together with the Window Covering Safety Council, we encourage you to install only cordless window coverings in rooms where children play and sleep.

For kids' sake, we offer a wide array of lifting system options, from cordless and motorized operating systems to retractable lift cords, cord tensioners, and wand controls for enhanced child safety.

All Lafayette products that utilize a clutch system are sent with a Cord Tension Lock. The Cord Tension Lock must be secured to the wall to provide the necessary tension for the shade to operate.

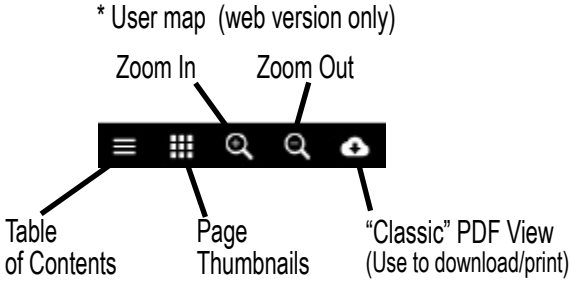

All **motorized** window treatment products offer child safe operation since the motor unit provides the mechanism for raising and lowering the shade.

For additional window treatment child safety information, please visit the Window Covering Safety Council (www.windowcoverings.org).

Product Information - Decomatic Plus Headrail System

Decomatic Plus Wand Headrail

- Anodized aluminum track
- Wand operation for smooth and quiet traversing
- Replaceable vane carriers
- Automatic clutch protected vane alignment
- One-way or split draw
- Wand size will be 2/3 of the blind length standard.

Decomatic Plus Headrail

- Fits rectangular window or door openings
- One way or split draw operation (right control standard)
- Nickel-plated steel chain loop operating system
- Anodized aluminum track
- Smooth and quiet traversing
- Replaceable vane carriers for easy onsite repair
- Automatic clutch protected vane alignment

Size Standards

- Dimensions
 - Maximum width: 191"
 - Minimum width: 19"

Important Child Safety Note

In order to comply with the ANSI approved Standard For Safety of Window of Window Covering Products all supplied cord tension/locking devices or cord cleats must be properly installed.

Hardware Included

- [Installation Brackets](#)
- Cord Tensioner Bracket

Options

- No Charge
 - White Rail
 - Chain and Clips on Fabric Louvers
 - Keyhole and Chain PVC Louvers
 - Sewn-In Weights on Fabric Louvers
 - Stack Right / Left / Split
 - Optional wand sizes up to 72".
 - Butted Blinds: Must be requested at time of order
- Surcharge
 - [Cut-Outs](#)
 - [Striping](#)
 - [Majesty or Noble 4 5/8" Wood Valance](#)
- Exclusions: Motorization

Standard Cord Drops

Traverse cord loop is 6" above ordered vertical length.
Tilt chain loop is 6" above traverse loop.

Ordering Notes

- To match dye lots for several verticals in same room, designate a room number.
- Hems are sewn in both top and bottom of fabric vanes. Thus, shortening vanes less than 1" may be impossible.
- Product warranty covers louver lengths up to 120". If exceeded, twisting may occur and order will require a signed Warranty Waiver.

Decomatic Plus Wand Headrail - Closed

Decomatic Plus Wand Headrail - Rotated

Decomatic Plus Headrail - Chain loop

Caution

- Dye lot variations are inherent qualities of any textile fabric.
- Colors appear different under varied light conditions.
- Heat registers, electric baseboard heat or other heat sources can emit heat intense enough to scorch fabric or melt PVC vanes.

Pricing

Design Options - Valances

Dust Cover Valance

- Round Wrap
 - Standard for all outside or inside mounts with returns, using fabric louvers.
- Tailored Corner Option
 - Standard for all outside or inside mounts when using PVC louvers.
 - Option for fabric louvers
- Utilizes a non-yellowing clear edge groover insert
- Standard return is 5 1/2" from the back of the valance to the wall; A minimum return of 2" and a maximum return of 6" can be requested.

Valance Type	OB or IB with returns Fabric	OB or IB with returns PVC/Aluminum
Tailored Corner	Optional	Standard
Round Wrap	Standard	Optional

Tailored Corner

Round Wrap

Majesty and Noble Wood Valances

- Valances are available in the current [Heartland Woods colors](#). Sample chips are available using [MySwatch](#).
- Standard return is 6" from back of valance to wall.
- If wood valance width is over 96" the valance will be spliced. Maximum spliced width is 132".
- Wood Valance is stapled to a channel panel piece for attachment to vertical headrail.

Majesty Valance
4 1/2" height
5/8" thick

Noble Valance
4 5/8" height
1/2" thick

Design Options - Other Options

Louver Options

- Free Hanging
 - Fabric verticals are available free hanging with enclosed weights standard. Sewn-in weights with open pocket sides are optional at no charge. Bottom weights with chains and clips can be requested for sewn-in only. Note: Several fabrics are too delicate for shipping with weights and chains inserted.
- Channel Panel Insert
 - Channel Panel insert in color Ivory or White, with crystal clear edges, is available for most fabrics to provide energy efficiency.
- Channel Panel only
 - Channel Panel may be purchased separately (use FH row in price chart to price).
- Vinyl
 - May have a keyhole punched and chains inserted as a no charge option. S-shaped vinyl materials cannot be keyhole punched.
- Louver Orientation and Light Diffusion
 - Louver orientation must be specified at time of order and cannot be changed in the field.

Channel Panel

Free Hang

Vinyl

Abutted Blinds

- Channels may be ordered to butt together when dimensions exceed maximum widths. Exact measurements required.

Cut-Outs

- Free hanging verticals may be ordered for cut-out installations when objects interfere with louvers, i.e. air conditioner, heat register, etc

Striping

- Using same louver material with a different colorway. Number of louvers in each colorway must be specified. (See [Stacking Charts](#) for number of louvers in stacking charts for respective headrail systems)

Louver Orientation

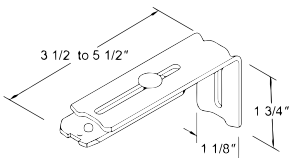

Measuring and Installation Information

Brackets

- The chart below shows the number of brackets that will be shipped as recommended by the manufacturer of the vertical track.

Width	# of Brackets	Width	# of Brackets
Up to 36"	2	100" - 129"	5
37" to 66"	3	130" - 159"	6
67" to 99"	4	160" - 189"	7

Decomatic Plus Wall Bracket Adjustable
Item# 98282

Decomatic Plus Mounting Clip
Item# 98286

Optional Extension Plate
Item # 7704851
Pan Head/Nut
Item # 62-0010-00/62-0011-00

4 1/2" Projection

Replaceable Carrier Stems - Decomatic Plus

- Stems can be removed with stem removal pliers, without un-mounting the headrail. Hook Replacement Kit and Hook Removal Pliers are available for purchase.
- 5/16" wide
- 185 degree rotation capability
- Maximum vane weight is 1 1/4 lbs.

Item# 92411801

Carrier stem Removal Pliers
Item# 95559

Palladian Window Shelf

- Double beaded hardwood shelf designed to mount horizontally in arched or angled openings to serve as divider and mounting surface for any window fashions product
- Allows area above shelf to be covered differently or uncovered
- Finishes available from Heartland Woods
- Palladian shelf has a 1/32" per foot tolerance for warp
- Inside Mount Applications only

Size Standards

- Height: 1 1/2"
- Depth: 4" (Can be cut down to 2" minimum upon request)
- Maximum Length: 8'

Ordering Notes

- Must be installed below the radius of window as routed ends are square
- Specify exact width from jamb to jamb. A 1/16" deduction will be taken by Lafayette
- Ordered separate from blind or shade (Priced by lineal foot - round up from exact width to next highest lineal foot)
- Exclusions: Outside mount applications

Best Practices for Measuring

- Always use a steel tape or a metal ruler for measuring.
- Always measure every window even though they look the same.
- Check for obstructions that could affect operation of the shade.
- For Inside Mount (jamb to jamb in a window or door, wall to wall in a room), give exact inside to inside width measurements, and top to bottom length measurements of the area to be covered.
- Measure the width in at least three places and specify the narrowest width.
- Measure the length in at least three places and specify the shortest length.
- Take two diagonal measurements. If there is a greater than 3/8" difference in diagonal measurements, outside mount is strongly recommended to avoid irregular light gaps.
- For Outside Mount, measure the exact width and height of the area to be covered.
- For Cloth Measure measurement, the area to cover is given. The overall finished shade width will increase when ordering by the Cloth Measure

Measuring for Discoveries

- Inside Mount
 - For verticals installed inside an area (jamb to jamb in a window or door, wall to wall in a room) give EXACT inside to inside width measurements, and top to bottom length measurements of area to be covered. DO NOT MAKE ALLOWANCES. Factory will make all adjustments. Louvers will clear bottom between 1/4" and 1/2". [See Mounting Requirements](#)
- Outside Mount
 - Measure exact width and height of area to be covered. No allowances will be made by factory for width or length. When measuring from top of headrail to floor or ceiling to floor, a deduction of 1/2" to 3/4" is recommended. You must make this deduction!
 - To cover a window or door, vertical blind should overlap by minimum 3" - 6" on each side to reduce light gap.
 - When installing above a window frame, vertical track should be installed at least 2" above frame or molding. Adjust length of vertical accordingly.

Care and Cleaning

- Regular feather dusting or periodic vacuuming using an upholstery attachment will keep fabric looking its best. The snap tape heading makes it easy to remove the fabric for hand washing or dry cleaning. Follow the fabric care instructions given on the bottom strip of the Sheer Visions fabric sample.

LAFAYETTE INTERIOR FASHIONS™

LIFETIME LIMITED WARRANTY

Since 1950, LAFAYETTE INTERIOR FASHIONS has consistently held a high standard of quality for both products and service, ensuring you find the perfect, custom crafted window treatments. The Lafayette Limited Lifetime Warranty represents a dedication to your complete satisfaction.

COVERED BY THE WARRANTY

- Lafayette Interior Fashions products are covered for defects in materials or workmanship for as long as the original purchaser owns the product (exceptions are noted below).
- All internal mechanisms, components, and brackets.
- Motorization systems (excluding batteries) are covered for 5 years.
- Interior Masterpieces and Sheer Visions fabrics are covered for 3 years.
- Heartland wood blinds finish is covered for 3 years.
- Operational cords are covered for 7 years from the date of purchase.

NOT COVERED BY THE WARRANTY

- Any conditions caused by normal wear and tear.
- Abuse, accidents, alterations, misuse.
- Damage including but not limited to discoloration, fading, cracking, warping, shrinking, or stretching caused by exposure to the elements (sun, condensation, excessive humidity, wind)
- Failure to follow our instructions for measurement, proper installation, use, cleaning, or maintenance.
- Slight color variation; natural variations in color, grain, or weave of natural materials
- Any customer supplied fabric
- Shipping, removal, re-measuring, or reinstallation costs

TO OBTAIN WARRANTY SERVICE

Contact your original dealer (place of purchase) for warranty assistance. Lafayette Interior Fashions will promptly repair or replace the product or components found to be defective. Warranty claims must be accompanied by proof of purchase.

It is at the sole discretion of Lafayette Interior Fashions to determine whether product will be repaired or replaced. Repairs and or replacements will be made with like or similar parts or products.

Note: In no event shall Lafayette Interior Fashions be liable or responsible for incidental or consequential damages or for any other indirect damage, loss, cost, or expense. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above exclusion or limitation may not apply to you. This warranty gives you specific legal rights, and you may also have other rights which vary from state to state.

THIS WARRANTY IS EXCLUSIVE AND IN LIEU OF ALL OTHER WRITTEN OR ORAL WARRANTIES OR OBLIGATIONS AND LIABILITIES. THE DURATION OF ANY IMPLIED WARRANTIES FOR ANY PRODUCT IS LIMITED IN DURATION TO THE WARRANTY TERM APPLICABLE TO SUCH PRODUCT AS SET FORTH ABOVE.
