Sheer Shadings

Custom Crafted in the U.S.A.

 **LAFAYETTE**
interior fashions™

Prices subject to change without notice

CHILD SAFETY

It's your first priority, but child and pet safety is often the last thing you think about when choosing window coverings. Did you know that the most common window products in homes are not child safe? Those horizontal blinds that were there when you moved in are a potential strangulation hazard for your little ones. As our infographic shows, accidents still happen with those long cords.

BEST FOR KIDS™ CERTIFICATION PROGRAM

The Best for Kids™ certification label makes it easy for parents and caregivers to identify products that are best suited for their home.

To become certified, Lafayette Interior Fashions must meet the specified program criteria and submit their window covering products to a designated third party testing laboratory. To pass the tests, the products may not have:

- any operating cords
- inner cords that are accessible
- cords that create a hazardous loop or potential wrap-around hazard

ADDITIONAL SAFETY MEASURES

The window covering industry uses warning tags, labels, and other methods to communicate potential hazards. The warning shown here communicates the important message that cords are a potential strangulation hazard and suggests choosing cordless or inaccessible-cord alternatives. Together with the Window Covering Safety Council, we encourage you to install only cordless window coverings in rooms where children play and sleep.

For kids' sake, we offer a wide array of lifting system options, from cordless and motorized operating systems to retractable lift cords, cord tensioners, and wand controls for enhanced child safety.

All Lafayette products that utilize a clutch system are sent with a Cord Tension Lock. The Cord Tension Lock must be secured to the wall to provide the necessary tension for the shade to operate.

All **motorized** window treatment products offer child safe operation since the motor unit provides the mechanism for raising and lowering the shade.

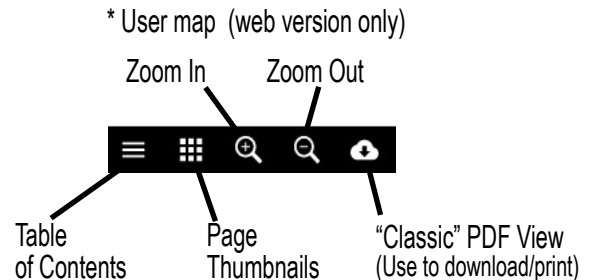

For additional window treatment child safety information, please visit the Window Covering Safety Council (www.windowcoverings.org).

Product Information - Continuum™ Cord Loop Control

Product Features

- Fits rectangular window openings.
- Shadings open from bottom to top using Continuum cord loop.
- Color-coordinated headrail with fabric insert.
 - [View color coordination chart.](#)
- Color coordinated cord loop, bottom rail and end caps.

Size Standards

Important Child Safety Note

In order to comply with the ANSI approved Standard For Safety of Window of Window Covering Products all supplied cord tension/locking devices or cord cleats must be properly installed.

Standard Cord Drops

| Shade Length | Drop | Shade Length | Drop |
|---------------|------|----------------|------|
| 16" - 26 7/8" | 12" | 60" - 83 7/8" | 48" |
| 27" - 39 7/8" | 24" | 84" - 107 7/8" | 60" |
| 40" - 59 7/8" | 36" | 108" - 132" | 72" |

*Note: Specified lengths outside of the above measurements will have a white cord.

Hardware Included

- [Installation Brackets](#)
- [Cord Tension Lock](#)

Finished Dimensions & Mounting Requirements

Options

- [Options and Availability](#)
- [Design Option Details](#)
- [Motorization](#)
- [Exclusions](#), 2-on-1 Headrail with End mount (EB)

Ordering Notes

- Specify Inside (IB), Outside (OB) or End (EB) mount.
- Specify Right or Left control
- Specify side by side vane alignment if desired.
- For 2-on-1 Headrail, panel widths may or may not be equal.
 - With unequal panels, smaller panel must be at least 1/3 the measured width of larger panel.

Caution

- Vane alignment is only guaranteed within 1/4" when shadings are ordered at same time, same height, same color and fabric.
- The degree of maximum vane closure varies slightly from the top to the bottom of the shading. Due to added weight in room dimming vanes the variance may be slightly more pronounced.
- As with all textiles, product is subject to some variations. Slight wrinkling, puckering, or bowing is inherent to this textile product and should be considered normal, acceptable quality. These characteristics are not usually visible from the front or rear but may be visible from a side angle. Precautions should be taken to reduce exposure to harsh environmental elements, such as salt air. Continuous exposure through open windows and doors will accelerate the fabric deterioration.

Pricing

Shade Operation

- Pull down on rear half of cord to lower shade and open fabric vanes. Pull down on front half of cord to close vanes and raise shade.
- The Continuum cord loop allows for adjustment of fabric vanes from open to closed and anywhere in between.

Product Information - Somfy Battery/Rechargeable Operated Series

System II Information (1.1Nm)

- 12V DC Motor
- Can be powered via 8AA Lithium batteries, Solar Pack Kit, Transformer, hardwired, or rechargeable battery pack
- Adjustable speed 10 - 28 RPM
- Compatible with all of Somfy's RTS transmitters

System II Motor

Sonesse 28 WireFree Information

- Built in lithium-ion rechargeable battery (2600 mAh)
- Adjustable speed 10 - 28 RPM
- Compatible with all of Somfy's RTS transmitters
- 40 decibels
- Soft Start/Soft Stop

Situ 1 Channel Remote

Caution

- If specified, System II shades are vane aligned when shipped. Vane alignment will change with use and is not guaranteed after shipment. Each shading individually resets limits at various intervals depending on use. Battery voltage variations can also affect vane alignment.
- Vane alignment is only guaranteed within 1/4" when shadings are ordered at same time, same height, same color and fabric.

Finished Dimensions & Mounting Requirements

Ordering Notes

- Order Transmitter(s) or Wall Switch(s) as required.
- Check for other options required that are available.
- Choose left or right side for power cord and motor.
- Window length is required so that the limits can be set

Pricing

- To price, add [motorization surcharges](#) to shade price.

Somfy myLink Overview

- WiFi to RTS bridge that can control up to 16 channels of RTS motorized products using the Somfy myLink apps for iOS and Android devices.
- Using the app, users can send immediate RTS commands, create Scenes and Schedules.
- Users can access their myLinks from anywhere with the apps' remote access feature.
- Multiple myLinks can be joined within the same system for multi-zone control.
- Can also serve as an IP to RTS bridge for 3rd party control systems.
- Amazon Alexa integration
- IFTTT (If This Then That)

Product Information - EZ Charge™ Lithium Rechargeable Series

EZ-Charge Version 2.0 (1.1Nm)(2200 mAh) Product Features

- Battery powered motor with remote control, wall switch or app interface (all purchased separately).
- Lithium-ion battery is internal and rechargeable.
- Remote offers up to 15 channels separately or in groups.
- Electronic stop setting.
- Rechargeable battery can offer 6 to 12 months on a single charge under normal conditions. Charger has a 12' cord sold separately. Extension cables sold separately.
- 6 hours for a full peak charge (from a complete dead to a full charge).
- Warning sound when battery charge is low.
- Adjust speed: 40 RPM (30 RPM or 20 RPM)
- Economical child safe solution with no cords.
- 5 Year Motor Warranty

Product Features - Specialty Shapes

- Fits the following windows:
 - Arch (perfect and imperfect)
 - Extended Arch (perfect and imperfect)
 - Angle
- All specialty shapes are stationary with vanes in the open position.
- Arches and angles are fabricated with a bottom rail.
- Color-coordinated bottom rail;
- Flexible mounting clips support fabric and are installed into window casement.
- Bottom rail rests on sill or on Tenera headrail when positioned above a standard rectangular shading.

Size Standards

Hardware Included

- Installation Brackets

Ordering Notes

- Available as Inside (IB) Mount only.
- Available as stationary with vanes in the open position.
- **Exclusions:** Outside Mount, side-by-side vane alignment

Pricing

- To price add [Specialty Shape Surcharge](#) to base price.

Product Information - Design Options

Optional Back Cover

- Used with inside (IB) and end mounts (EB) when necessary to conceal the open rear side of headrail. Back cover and brackets add 1/4" to minimum inside mounting depth.

Optional Top Dust Cover

- Outside (OB) mount shades only.
- Attach to top of headrail
- Protects fabric and internal operating mechanisms from dust, dirt and other contaminants

Side-By-Side Vane Alignment

- When Tintera shades are installed side by side, vane alignment can be guaranteed within 1/4" only if:
 - Shadings are ordered at the same time and in identical style, color and height
 - Shadings that need to be aligned are specified on order form.

Light Gap Stop

- Blocks light gap for shades inside mounted in rectangular openings.
- Comes with self adhesive tape attached for installation.
- Projection is 1 5/8".
- Ordered by lineal foot.
- Made of PVC and available in 5 colors: Black, Bronze, Grey, Vanilla and White

2-on-1 Headrail

- Two shades share a common headrail
- For overall max width, see [Size Standards](#).

Vane Operation

- Opened
 - Vanes on all Tintera fabrics open to slightly different degrees when tilted to their maximum open positions.
 - Limit stops located on the top of the headrail halt cord movement to prevent the bottom rail from being retracted too far into the headrail when fully raised. They should not be removed or adjusted. Internal limit stops prevent shadings from over-rotating when in the fully lowered and opened position.
- Closed
 - When vanes of a Tintera shading are closed, they overlap blocking the view. However vanes do not contact each other along full length of shading - they do not form a perfect seal against light leakage. This is most visible toward bottom of shading.
 - Vane closure is measured as distance between front and rear fabric facings 6" up from lowest point of bottom rail, with shading fully lowered and vanes closed.
 - Vane closure for all 2" fabrics is 5/8" for shadings under 60" in height and 7/8" for shadings over 60" in height.
 - Vane closure for all 3" fabrics is 1", regardless of height.

2" Vane Size, 2 1/2" Vane Size

3" Vane Size

Measuring & Installation Information

Bracket Information

Item# 15-9109 (2-pack)
Item# 15-9110 (3-pack)

Installation Bracket

Optional Extension Bracket

Item # 15-2014 (3-pack)
Item # 15-2013 (2-pack)

2 3/4", 3 5/8" Projection

Optional Spacer Block

Item # 15-2012 (3-pack)
Item # 15-2011 (2-pack)

Cord Tension Lock

- Standard on all Tenera shades with Continuum system.
- Must be secured to the wall to provide the necessary tension for the shade to operate.
- Available in white, vanilla, black, brown, clear, or gray. Will coordinate with the fabric color.

Magnetic Hold-Down Brackets

- Secures bottom of shade to prevent swaying

Palladian Window Shelf

- Double beaded hardwood shelf designed to mount horizontally in arched or angled openings to serve as divider and mounting surface for any window fashions product
- Allows area above shelf to be covered differently or uncovered
- Finishes available from Heartland Woods
- Palladian shelf has a 1/32" per foot tolerance for warpage
- Inside Mount Applications only

Size Standards

- Height: 1 1/2"
- Depth: 4" (Can be cut down to 2" minimum upon request)
- Maximum Length: 8'

Ordering Notes

- Must be installed below the radius of window as routed ends are square
- Specify exact width from jamb to jamb. A 1/16" deduction will be taken by Lafayette
- Ordered separate from blind or shade (Priced by lineal foot - round up from exact width to next highest lineal foot)
- Exclusions: Outside mount applications

Flame Retardant Coating

- A flame retardant coating is available for all fabrics and is done through an external facility. The shade is fabricated then sent to an external facility for the flame coating process. Allow four to six weeks extra delivery time for this service. Standard shipping is included. Call for quote on flame retardant coating.

Tenera Care & Cleaning

- Headrail Fabric Insert - Spot-clean headrail using a sponge or delicate cloth, cool distilled water and a mild soap solution; handle with care as you would any fine fabric.
- Dusting - Regular light dusting with a feather duster is all the cleaning that is needed in most circumstances.
- Vacuuming - Use a low suction, hand-held vacuum for thorough dust removal.
- Forced Air - Blow away dirt and debris between the vanes using compressed air.
- Ultrasonic Cleaning - This product can be ultrasonically cleaned by a professional. (Translucent fabrics only)
 - Specify that a mild detergent solution be used.
 - Never immerse the headrail in the solution.
 - Dry the shading completely in the lowered position
- Electrostatic Cleaning - Do NOT use electrostatic cleaning wipes on this product.

Best Practices for Measuring

- Always use a steel tape or a metal ruler for measuring.
- Always measure every window even though they look the same.
- Check for obstructions that could affect operation of the shade.
- For Inside Mount (jamb to jamb in a window or door, wall to wall in a room), give exact inside to inside width measurements, and top to bottom length measurements of the area to be covered.
- Measure the width in at least three places and specify the narrowest width.
- Measure the length in at least three places and specify the shortest length.
- Take two diagonal measurements. If there is a greater than 3/8" difference in diagonal measurements, outside mount is strongly recommended to avoid irregular light gaps.
- For Outside Mount, measure the exact width and height of the area to be covered.

Measuring for Tenera Shades

- All shade pricing is based on the width and the window opening height. Orders are accepted for inside or outside dimensions, to the nearest 1/16".
- It is critical that the shade brackets be mounted so that the shade is level when installed.
- For an Inside Mount, measure the exact width between the jambs (inside) where the shade is to be mounted. If the end caps are not tightly secured it is possible the shade will not fit in the opening.
- For an Outside Mount, we recommend that the brackets be placed to allow a minimum of 1 1/2" to 2" overlap on each side of the casement. Measure between the point where the brackets are to be placed and specify that as an outside width.

LAFAYETTE WARRANTY

Lafayette Venetian Blind, Inc. warrants to the original purchaser that its products, properly measured, installed and maintained in the window/door will be free from defect in materials and workmanship from the date of sale to the original purchaser for the period shown below, based upon product type.

| | | | |
|---|--------------------------------|---|------------------|
| Allure Transitional Shades | Lifetime Limited | Motorized Systems (excluding batteries) | 5 years |
| Classic Collection Aluminum Blinds | Lifetime Limited | Parke Shutters - White | Lifetime Limited |
| Discoveries Verticals Louvers and Track | Lifetime Limited | Parasol Cellular Shades | Lifetime Limited |
| Fidelis Composite Wood Blinds | Lifetime Limited | Sheer Visions Fabric | 3 years |
| Genesis Shades | Lifetime Limited | Soft Fashions | 3 years |
| Heartland Woods | Lifetime Limited, 3 yrs Finish | Tenera Sheer Shadings | Lifetime Limited |
| Manh Truc Woven Shades | Lifetime Limited | Wonderwood Faux Wood Blinds | Lifetime Limited |

The obligation of Lafayette Venetian Blind, Inc. and its dealers is limited to repair or replacement of the internal mechanisms, components and brackets found to be defective when the product is returned to Lafayette Venetian Blind, Inc. at the expense of the original purchaser within the warranty period stated above. Repairs will be made with like or similar parts. Discontinued components or colors will be replaced with closest equivalent current product.

Operational cords on Lafayette products are warranted for 7 years from the date of purchase. All repairs and remakes will conform to current child safety requirements. If the repair or remake is outside the 7 year operational cord warranty then any costs to conform to child safety guidelines are the responsibility of the dealer. Fabric delamination is also covered within the warranty period stated above.

This warranty does NOT include any conditions caused by normal wear and tear or damages resulting from accidents, alterations, misuse, abuse, misapplication, exposure to the elements (sun damage, wind/water/moisture) and discoloration or fading over time). Failure to follow instructions for measurement, installation, cleaning or maintenance void the warranty. The product can only be used in the window/door for which it was originally purchased. Lafayette Venetian Blind, Inc. will not be liable for trip charges, measuring, disassembly, removal, reassembly or reinstallation of this product, nor for damage or loss to other property.

This warranty is exclusive and in lieu of all other obligations, liabilities, or warranties. This warranty gives you specific legal rights. You may have other rights which vary from state to state. In some states the exclusion or limitation of incidental or consequential damages may not apply.

To obtain warranty service, contact an authorized Lafayette dealer. The dealer will work with Lafayette Venetian Blind, Inc. to promptly repair or replace any defective parts or components without charge. Warranty claims must be accompanied by proof of purchase.

DISCLAIMER AND LIMITATION OF WARRANTIES AND REMEDIES

THERE ARE NO WARRANTIES WHICH EXTEND BEYOND THE DESCRIPTION ON THE FACE HEREOF.

THE WARRANTIES SET FORTH IN THIS "LAFAYETTE WARRANTY" STATEMENT ARE IN LIEU OF ALL OTHER WARRANTIES, EXPRESSED OR IMPLIED, INCLUDING WITHOUT LIMITATION ALL WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, WHICH WARRANTIES ARE SPECIFICALLY DISCLAIMED BY LAFAYETTE VENETIAN BLIND, INC.

THE SOLE OBLIGATION OF LAFAYETTE VENETIAN BLIND, INC., AND THE SOLE REMEDY OF ANY ORIGINAL PURCHASER FOR ANY CLAIMED BREACH OF WARRANTY, DEFECT OR NONCONFORMITY OF PRODUCT (REGARDLESS OF THE NATURE OF SUCH CLAIM, AND INCLUDING CLAIMS OF BREACH OF WARRANTY, CONTRACT, NEGLIGENCE, STRICT LIABILITY, AND ALL OTHER CLAIMS) SHALL BE THE ORIGINAL PURCHASER'S RIGHT TO RETURN ANY NONCONFORMING PRODUCT TO LAFAYETTE VENETIAN BLIND, INC., IN EXCHANGE FOR REPAIR OR REPLACEMENT OF SAID PRODUCT IN ACCORDANCE WITH THE LIMITED EXPRESS WARRANTY STATED IN THIS "LAFAYETTE WARRANTY." IN NO EVENT SHALL LAFAYETTE VENETIAN BLIND, INC., BE LIABLE FOR DAMAGES, WHETHER DIRECT, CONSEQUENTIAL OR INCIDENTAL, TO ANY ORIGINAL PURCHASER OR ANY OTHER PARTY, ARISING OUT OF SALE OR USE OF PRODUCTS SOLD BY LAFAYETTE VENETIAN BLIND, INC., WITH THE LIMITED EXPRESS WARRANTIES SET FORTH IN THIS "LAFAYETTE WARRANTY" STATEMENT.

Lafayette will, at our discretion, repair or replace the window fashions product or components found to be defective.
Product warranties DO NOT imply replacement of the product.

Product returned to Lafayette must comply with the Return Product Packaging Policy.

Lafayette will not be responsible for removal charges, reinstallation charges or shipping costs incurred.
